upon, and the arrangements have been nearly completed. The trial will be for the crime of treason. The trial will take place either in this city or Richmond, and before the United States Supreme Court. The counsel for the government and the friends of Mr. Davis have selected and retained counsel for him. Now that the Wirz trial is completed, it is supposed that of Davis will immediately follow.

It is said that the Secretary of the Navy has directed that all the available steam vessels of the war shall immediately be got ready for sea. It is supposed that it is the intention of the government to be prepared for any eventuality in any quarter of the world.

The Naval Court Martial with Vice Admiral Farragut as President, is to convene in Washington, on the 1st of November, and will have before it Lt. Col. Marston, the oldest officer, one excepted, in the marine corps, on the charge of using for private purposes, and losing hounty money deposited in his hands by new recruits.

The Court will also try Commodore Craven, under the 10th section of the third article of war, which requires an officer to do his utmost to overtake and capture, or destroy any vessel which it is his duty to encounter. He is charged with neglecting this, the rebel ram Stonewall having been in the harbor of Ferrat, while he was in proximity as command of the Niagara and the Sacramento, and another ship of war being in port at the same time to aid him. It is said the Stonewall sent a challenge which he declined to necept.

Lieut. Colonel A. T. Hamilton, U. S. A., who has made several inspections of the Andersonville prison, made avery long and interesting report on the prison and states that the lifes lost at that one spot by staryation and entire trial reports.
